

Best value fork

MARZOCCHI
MX COMP >>

£180 Windwave 02392 521912
www.windwave.co.uk

It's yet another year where budget-conscious riders everywhere are saluting the joys of Marzocchi's MX Comp and Pro forks. All the reliability of straightforward coil or large volume air springs, lubricated and damped with free swilling oil bath internals. Decent stiffness, minimal maintenance and rudimentary home tuning all for a price where most forks are still appalling.
